TECHNICIAN TRAINING AND DEVELOPMENT PROGRAM

#mbdrive

## Mercedes-Benz DRIVE

is an advanced 16-week technician training and development program that gives you the opportunity to learn extensive Mercedes-Benz product knowledge, customer service best practices and career preparation ensuring that when you're placed with a dealer post-program graduation, you'll have what it takes to be successful on Day 1.

MB DRIVE's blended learning approach which consists of 90% workshop instruction and 10% traditional classroom lecture ensures that you'll gain hands on experience with Mercedes-Benz equipment and vehicles. In addition, you'll learn Mercedes-Benz Workshop Information Systems and in-demand automotive technician skills.

Upon successful completion of the program and after just six short months of dealership experience, you will be a Systems Technician - *a title that can take years to earn outside of MB DRIVE.*
